## Death Benefits – See SOC § 12.18

*Death benefits are payments to a spouse, children, or other dependents if an employee dies from a work-related injury or illness. The amount of the death benefit depends on the number of total and/or partial dependents. In the case of one or more totally dependent minors, after payment of amounts specified below, death benefits will continue until the youngest minor turns 18 years old (disabled minors receive benefits for life). Death benefits are paid at the total temporary disability rate, but not less than \$244.00 per week. The period within which to commence proceedings for the collection of death benefits varies depending on the circumstances, but cannot be commenced more than 240 weeks from the Date of Injury.*
